

# CERTIFIED DIAMON-FUSION® DEALER PROGRAM

Differentiate your business, increase customer satisfaction, and become more profitable.

## HERE'S HOW

### INCREASED CUSTOMER TRAFFIC

#### ShowerDoorDirectory.com

Create additional exposure for your company through our educational shower door website.

#### Online Dealer Locator

Consumers can now easily find you through DFI's online zip code lookup.

#### Architect Outreach

Gain access to a broader range of projects through DFI's Architect Education Outreach Program.

### BUILD STRONGER CREDIBILITY

#### Online Presence

DFI is promoting your business through DFIsolutions.com and ShowerDoorDirectory.com, via a dealer locator feature.

#### Cert. of Expertise

Create confident sales people who convert skeptical shoppers into trusted paying customers.

#### "Diamond" Portfolio

Diamon-Fusion applied to prestigious landmarks, museums, and office buildings delivers credibility to your sales offering.

### IN-STORE SALES PROGRAMS

#### Point-of-Purchase Kits

The right tools make everyone more effective. From demo jars to brochures to advertising campaigns, DFI has you covered.

#### Tailored Training

Knowledgeable sales people sell more. Your sales staff will have access to DFI's 24/7 online training programs.

#### Discount Code Program

Profit from DFI's consumer products w/o carrying inventory. Your code gets your consumer 10% off and you 10% commission.

### FIRST-RATE CUSTOMER SUPPORT

#### Personal Support Team

DFI's dedicated support team ensures your success by helping you reach your business goals.

#### Lifetime Warranty

Increased perceived value, while validating the superior quality of the product you are representing.

#### Warranty Support

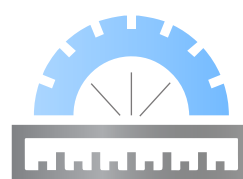

DFI takes any Diamon-Fusion consumer related callbacks, so you can keep doing what you do best.

### SUPERIOR PRODUCT PERFORMANCE

#### Patented Technology

Diamon-Fusion protective coating is a patented, two-step process. A patent confirms the technology is real, unique and cannot be copied.

#### The Easiest-to-Clean Coating

The lowest sliding angle in the industry proves that Diamon-Fusion is the Easiest-to-Clean protective coating.
